

Thomas Edison Elementary School
2017-2018

School Annual Education Report (AER) Cover Letter

April 12, 2019

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2017-18 educational progress for the Thomas Edison Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Mrs. Wiegand at (586) 439-6500 for assistance.

The AER is available for you to review electronically by visiting the following web site <http://bit.ly/2VOBmDL>. You may also review a copy in the main office at your child's school.

For the 2017-18 school year, schools were identified using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that has at least one underperforming student subgroup. An Additional Targeted Support (ATS) school is one that has three or more underperforming student subgroups. A Comprehensive Support and Improvement (CSI) school is one whose performance is in the lowest 5% of all schools in the state. Some schools are not identified with any of these labels. In these cases, no label is given. Our school has not been given one of these labels.

One of our key challenges at Thomas Edison Elementary is making sure that all students receive the support and intervention needed for student success. Our school implements a school-wide Multi-Tiered System of Support, MTSS, for our students. The MTSS model assists our teachers in meeting the needs of every learner through benchmark, formative, and summative assessments and targeted intervention for all learners not meeting their growth and proficiency target percentages as assessed on the M-Step and/or district data points. Our building also implements the Professional Learning Communities (PLC) model of school improvement. Through the PLC model, our teachers work collaboratively, by grade levels on: defining curriculum essentials, setting goals, analyzing common

assessment results, and monitoring student progress. All of our students are setting individual goals in reading and math.

State law requires that we also report additional information. The following information meets these State requirements:

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL

Fraser Public Schools and Thomas Edison Elementary assign students to available roster slots within the district and school through the following district process:

- Fraser Public Schools residents living within the Edison boundaries.
- Siblings of current Edison students that apply during open enrollment periods.
- Fraser Public School residents living outside of the Edison boundaries that apply for Internal Schools of Choice during open enrollment periods.
- County-wide Schools of Choice residents that live within Macomb County that apply during open enrollment period.
- Each building is assigned schools of choice students based on classroom space, target numbers per grade level, and, if possible, honoring parent school requests.

2. THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN

In the 2017-2018 school year Thomas Edison Elementary continued to work on the following School Improvement goals. Thomas Edison's Current Target Goals:

- All students will become proficient in Reading.
- All students will become proficient in Writing.
- All students will become proficient in Math.
- All students will become proficient in Science.

As a result of these goals, we have seen progress in student scores on our building assessments. Teachers administer common assessments three times per year in reading and math and then analyze student data to determine what interventions are needed. We have a school-wide Multi- Tiered System of Support in place for our students. The MTSS model assists our teachers in meeting the needs of every learner.

Fraser's elementary curriculum is based on the Common Core Standards and Benchmarks. If you wish to view the Fraser Public Schools Core Curriculum in Language Arts, Science, Social Studies, and Mathematics, please refer to the district website. Fraser curriculum committees have developed core essential items that each student is expected to master in his/her grade level in order to be

successful on State and local assessments in the core areas of Reading, Writing, Math, Science, and Social Studies. This has been accomplished with the help of staff at various levels in the district, including teachers and administrators. The school's Principal is responsible for monitoring its implementation at the building level and ensuring every student is getting the core essentials.

3. A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL

Thomas Edison Elementary is not a specialized school.

4. IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION, AND AN EXPLANATION OF THE VARIANCES FROM THE STATE'S MODEL

The state of Michigan defines the comprehensive core curriculum as the essential curriculum content that all students must learn in order to progress through the various educational levels. In the last year, departments and K-12 District Committees have been engaged in reassessing and revamping the core curriculum to better align with the Common Core State Standards, NGSS, C3, and Michigan Content Expectations to design a Competency Based Learning Model. The core curriculum can be accessed at http://www.michigan.gov/mde/0,4615,7-140-28753_64839_65510---,00.html

Time and effort have been spent to ensure that Thomas Edison Elementary School's curriculum will prepare students appropriately.

The results of this process are assessed through individual classroom and teacher assessment procedures as well as M-STEP, SRI, DRA, and Aimsweb test results. Departments and Curriculum Leaders have developed common tests that assess student learning. This type of data will allow teachers to analyze and improve any area of weakness discovered in student learning. Our continued goal for 2018-19 is the continued implementation and expansion of targeted tiered interventions that will support our students in the area of reading and mathematics.

A copy of the comprehensive core curriculum can be obtained by contacting Donna Anderson, Assistant Superintendent.

5. THE AGGREGATE STUDENT ACHIEVEMENT RESULTS FOR ANY LOCAL COMPETENCY TESTS OR NATIONALLY NORMED ACHIEVEMENT TESTS

2016-2017 & 2017-2018

Grade	Reading 2016-2017	Reading 2017-2018
1 st Grade	74%	75%
2 nd Grade	81%	69%
3 rd Grade	74%	73%
4 th Grade	88%	59%
5 th Grade	86%	74%
6 th Grade	83%	76%

Grade	Math 2016-2017	Math 2017-2018
1 st Grade	79%	82%
2 nd Grade	79%	78%
3 rd Grade	81%	75%
4 th Grade	85%	67%
5 th Grade	94%	89%
6 th Grade	92%	96%

6. IDENTIFY THE NUMBER AND PERCENT OF STUDENTS REPRESENTED BY PARENTS AT PARENT-TEACHER CONFERENCES

“A caring district — working together”

At our Fall 2017 Parent Teacher Conferences, 342 parents (86%) out of 391 students attended. Students were invited to their student led conference.

At our Fall 2018 Parent Teacher Conferences, 312 parents (80%) out of 392 students attended. Students were invited to their student led conference.

This year, at Edison, we're celebrating the successes of another great school year. Wonderful events throughout the building have made this year so memorable (Ice Cream Social, School Picnic, Walk-a-thon, and a variety of assemblies). Our iPads, Apple TV, and class sound systems have continued to enhance student learning.

We have a highly qualified staff who are excited about education. They dedicate countless hours to helping children learn. Edison's mission statement is reflected in everything we do: "Innovate. Learn. Lead." We continue our work on Competency Based Learning, where students demonstrate proficiency on the competencies at their grade level. We also use ITS Learning – a learning management system (LMS) – which provides students with anytime, anywhere learning. It is a system that houses student work, assignments, lessons, videos, reflection opportunities, and learning goals. This was our 3rd year implementing student led conferences. Our students were excited to share their goals and learning progress with their parents.

Our PTO continues to provide our school with many extras such as assemblies, field trips, and other opportunities for our children. We also have many parents who volunteer at the Book Fair, Santa Shoppe, Ice Cream Social, Walk-a-thon, library, and in the classroom. Our school is extremely fortunate to have wonderful support from our parents and community.

Sincerely,

Kristina Wiegand
