

## Important Student drop off reminders:

1) Students should not be dropped off at Emerson prior to 8:15AM, which is around the first time the busses arrive.

Students who need to arrive earlier than this designated time should make arrangements with the school's Latchkey services.

Emerson personnel are not available to provide safe, adult supervision outside in the morning. Children left unattended are not safe.

2) Emerson has four designated Handicap Parking spots. All vehicles in these spots should have the proper handicap license plate or a handicap tag displayed from the rear view mirror. Please make sure the tags are clearly visible. Please respect the needs of our parents and guests who need access to these parking spots.

I appreciate your efforts in maintaining our safe and positive environment for students, parents and guests.

Mr. Argiri
